

# AUSTIN FIBER ARTISTS WORKSHOP REGISTRATION FORM

## “DESIGN FROM YOUR STRENGTHS” With Susie Monday

Each of us is born, and develops through life, with sensory strength. Learning to work from these as you create fiber art (or other art) is one way to tap into your strongest, most powerful images and art work. This hands on workshop will take you through 6 different visual art starting points--line, shape, color, rhythm, space, texture--with exercises that will help you find themes and approaches for working in a series, and determine with group and instructor feedback some of your strong suits for creative work. **Bring** a large sketchpad (newsprint is okay), markers, collage materials such as 1 or 2 old magazines, colored paper, trims, small scraps of fabric and a small plastic bag of recycled packages such as paper towel roles, plastic cups, etc. Other materials will be furnished by the instructor.

Thursday, October, 19<sup>th</sup>, 9 a.m. to 4 p.m. With a lunch break of course!
